

REFERENCE LIST

For DESIGN works

(excerpt 2004 – 2015)

Item	Year	Client	Work designation
1.	2004	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2 – Revamping of 3 propulsion furnaces to level II automation (in cooperation with Techint)
2.	2004	ARCELORMITTAL Galati, ROMANIA	Cold Strip Mill – Revamping of Pickling Line no. 2 (HCl), including Acid Regeneration Station (in cooperation with VAI Clecim and ISSI)
3.	2004	ARCELORMITTAL Galati, ROMANIA	Cold Strip Mill – Revamping of cold strip mill Quarto 1200
4.	2004	ARCELORMITTAL Galati, ROMANIA	Hot Strip Mill – Revamping of roughing train balancing
5.	2004	ARCELORMITTAL Galati, ROMANIA	Hot Strip Mill – Replacement of measurement system with load cells made by Electroputere Craiova with KELK-type systems
6.	2004	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2 – Revamping of edge trimming shear no. 1 (in cooperation with SMS Siemag)
7.	2004	Galati, ROMANIA	Cold Strip Mill - Revamping of protection gas station for the heat treatment furnace and the zinc-plating line
8.	2004	ALRO Slatina, ROMANIA	Sand-blasting installation for worn anodes
9.	2004	HIDROELECTRICA, ROMANIA	12 Evaluation reports for hydroelectric power plants in view of privatization
10.	2004	HIDROELECTRICA, ROMANIA	17 Evaluation reports for small-power hydroelectric plants in view of privatization
11.	2005	ARCELORMITTAL Hunedoara, ROMANIA	Enclosure dump stack. Rainwater collecting and settling system
12.	2005	ARCELORMITTAL Iasi, ROMANIA	Rehabilitation of settling (purification) station for used process water
13.	2005	UZINEXPORT PT MAN INDUSTRIES PITHAMPUR INDIA	Modernization of mechanical expander from Ø42" to Ø56"
14.	2005	ARCELORMITTAL Galati, ROMANIA	Cold Strip Mill - Tandem 1 – Revamping of emulsion breaking installation
15.	2005	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2- Documentation to supplement the number of slide guides at propulsion furnaces in Heavy Plate Mill no. 2
16.	2005	HIDROELECTRICA, ROMANIA	8 Evaluation reports for small-power hydroelectric plants in view of privatization

Item	Year	Client	Work designation
17.	2006	ALRO Slatina, ROMANIA	Slab casting installation – Erection, foundations and installations documentation
18.	2006	ALRO Slatina, ROMANIA	Saw – Erection, foundations and installations documentation
19.	2006	ALRO Slatina, ROMANIA	Degassing ladle – Erection, foundations and installations documentation
20.	2006	ALRO Slatina, ROMANIA	Slab homogenization furnace – Erection, foundations and installations documentation
21.	2006	ARCELORMITTAL Galati, ROMANIA	Settling measurement of at finishing – shipping shops in Cold Strip Mill (U-V)
22.	2006	ARCELORMITTAL Galati, ROMANIA	Coke Plant – Battery no. 3 - Technical solution for the execution of the platform at wall block no. 6 – level 9000 mm - Expert assessment of the floor in wall block no. 6 – level 3500 - Technical solution for the execution of floor in wall block no. 6 – level 3500 mm
23.	2006	ARCELORMITTAL Galati, ROMANIA	Implementation of electronic weighing system for vehicles at the commercial gates of ArcelorMittal Galati
24.	2006	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2. Technical and financial study concerning the rolling of plates with low end-of-rolling temperature and high mechanical characteristics (X70, X80, X100) for Q2
25.	2006	ARCELORMITTAL Galati, ROMANIA	Issuing the documentation for the settling monitoring at the rolling shops at ArcelorMittal Galati
26.	2006	ARCELORMITTAL Galati, ROMANIA	Updating of the technical documentation concerning the execution of the Major Overhaul of the stacking table and the pusher Continuous Casting 1
27.	2006	ARCELORMITTAL Galati, ROMANIA	Cold Strip Mill - Execution and erection documentation for the adaptation of the electric equipment to replace the bipolar power circuit breakers for Tandem stands no. 1
28.	2006	ARCELORMITTAL Galati, ROMANIA	Redesigning of slam evacuation system and installation of filters Cold Strip Mill
29.	2006	ARCELORMITTAL Galati, ROMANIA	Cold Strip Mill - Expert assessment and technical solution to rectify the settling effects in shop A-B
30.	2006	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 1 – Modernization of the monitoring, adjustment and control installation for the combustion process in Propulsion System no. 1
31.	2006	ARCELORMITTAL Galati, ROMANIA	1. Heavy Plate Mill no. 2 – Modernization of the combustion installation at the quenching furnace and the annealing furnace 2. Heavy Plate Mill no. 2 – Modernization of the electric drive and automation installation at the quenching press 3. Heavy Plate Mill no. 2 – Modernization of the electric drive and automation installation at the leveling machine
32.	2006	ARCELORMITTAL Galati, ROMANIA	Hot Strip Mill - Documentation for the social annexure in the winders area

Item	Year	Client	Work designation
33.	2006	ARCELORMITTAL Galati, ROMANIA	Solution to remedy the resistance structure of the heating plant in the Refractory Steel Plant
34.	2006	ARCELORMITTAL Galati, ROMANIA	Issuing the documentation for the gas heating stations Furnace Agglomeration Plant
35.	2006	ARCELORMITTAL Galati, ROMANIA	Hot Strip Mill - Issuing the foundation documentation for the turning roller in front of stand V0
36.	2006	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 1 – In-line marking and punching installation (in cooperation with Numtec)
37.	2006	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2 – Hot marking machine and sample marking machine (in cooperation with Numtec)
38.	2006	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 1 – Bar code marking machine (in cooperation with Magnemag)
39.	2006	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2. New motors for stand Q2. Shop consolidation for the replacement of the current 80-tf overhead crane with a 120-tf one.
40.	2006	ARCELORMITTAL Galati, ROMANIA	Hot Strip Mill. Hydraulic drive and automation coiler no. 1
41.	2006	ARCELORMITTAL Galati, ROMANIA	Cold Strip Mill - Revamping of pickling line no. 2 and of the acid neutralization and of the acid neutralization station. Redesigning the looping carriages to provide their own centering system.
42.	2006	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2. Non-destructive ultrasound testing system for plates in the rolling line (in cooperation with GE)
43.	2006	ELECTROCENTRALE Deva-Mintia, ROMANIA	Evaluation report
44.	2006	TMK ARTROM Slatina, ROMANIA	Rolling mills evaluation
45.	2006	LAMDRO MAX EICHER Drobeta Tr Severin, ROMANIA	Evaluation report
46.	2006	HIDROELECTRICA, ROMANIA	18 Evaluation reports for small-power hydroelectric plants in view of privatization
47.	2007	ARCELORMITTAL Galati, ROMANIA	Expert assessment of concrete/metal constructions for conduit trestles
48.	2007	TMK ARTROM Slatina, ROMANIA,	ASSEL Rolling mill – Bloom roughing mill erection
49.	2007	IMSAT SA – Container plant Giurgiu, ROMANIA	Expert assessment of the shop within the Containers Bay – IMSAT
50.	2007	MECHEL Campia Turzii, ROMANIA	Continuous wire rod mill no. 3 – adapting the rolling line for blooms 100x100x12.000 mm

Item	Year	Client	Work designation
51.	2007	ZIROM Giurgiu, ROMANIA	Forging plant for titanium and titanium alloys
52.	2007	ALRO Slatina, ROMANIA	Smelting furnace 60 t – Erection, foundations and installations documentation
53.	2007	ALRO Slatina, ROMANIA	Crust cleaning installation – Erection, foundations and installations documentation
54.	2007	ALRO Slatina, ROMANIA	In-line quenching furnace – Erection, foundations and installations documentation
55.	2007	ALRO Slatina, ROMANIA	Ageing furnace – Erection, foundations and installations documentation
56.	2007	ALRO Slatina, ROMANIA	Brushing machine – Erection, foundations and installations documentation
57.	2007	OTELINOX Targoviste, ROMANIA	Small Sections Mill - Finishing line. Machinery evaluation report
58.	2007	HIDROELECTRICA, ROMANIA	13 Evaluation reports for small-power hydroelectric plants in view of privatization
59.	2007	OTELINOX Targoviste, ROMANIA	Storage, feeding and dosage installations for the pickling tanks associated to the annealing lines APH and APC within the Stainless Steel Strip and Wire Section
60.	2007	IMSAT SA – Container plant Giurgiu, ROMANIA	Rehabilitation of electric lighting and safety lighting installation
61.	2007	ARCELORMITTAL Galati, ROMANIA	Plate stacking installation Heavy Plate Mill no. 1
62.	2007	TMK ARTROM Slatina, ROMANIA,	Pipe rolling mill type CPE
63.	2007	PROFILAND Galati, ROMANIA,	Foundations for the plate painting and zinc-plating lines at S.C. INTFOR S.A. Galati
64.	2007	ARCELORMITTAL Galati, ROMANIA	Issuing the technical documentation for the forced-draft cooling tower in the Water Station of the Refractory Steel Plant
65.	2007	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2. - New motors for stand Q2. Complementary works to issue the Finite Element study
66.	2007	ARCELORMITTAL Galati, ROMANIA	1. Heavy Plate Mill no. 2 - Issuing the study for the decommissioning of walking hearth 2. Cold Strip Mill - Issuing the decommissioning documentation for the pallet-stored products
67.	2007	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2 Level 2 – Pusher furnaces (in cooperation with Danieli)

Item	Year	Client	Work designation
68.	2007	ARCELORMITTAL Galati, ROMANIA	Refractory Steel Plant - Issuing the execution documentation for a cable traction device for transfer carriages for steel laddles in the
69.	2007	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 1 - Designing the roller table drive PM 49, 65A, 65B, 107
70.	2007	ARCELORMITTAL Galati, ROMANIA	1. Expert assessment of concrete constructions at Cooling Towers no. 1-7 2. Expert assessment of metal constructions –trestles for conduits
71.	2007	ARCELORMITTAL Galati, ROMANIA	Refractory Steel Plant - Issuing the technical documentation for control rooms Continuous Casting 1
72.	2007	ARCELORMITTAL Galati, ROMANIA	Designing the power supply for the contact lines at overhead cranes in Cold Strip Mill, Hot Strip Mill
73.	2007	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 1 - Propulsion Furnace no. 1 Automatic process adjustment Propulsion Furnace no. 1
74.	2007	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2 - Designing the plate stacking installation
75.	2008	TMK ARTROM Slatina, ROMANIA,	Machinery assessment report for Erste Bank
76.	2008	ALRO Slatina, ROMANIA	Machinery assessment report – Extrusion shop
77.	2008	HIDROELECTRICA, ROMANIA	23 Evaluation reports for small-power hydroelectric plants in view of privatization
78.	2008	ARCELORMITTAL Hunedoara, ROMANIA	Revamping of rolling mill 650 with continuous stands train and finishing line for the Bergara mill
79.	2008	ZIMTUB Zimnicea, ROMANIA	Longitudinally welded pipe shop. Erection of a line for circular, square and rectangular welded pipes
80.	2008	MECHEL Campia Turzii, ROMANIA	Revamping of propulsion furnace and auxiliary machinery in Rolling Mill no. 3. Furnace adaptation for blooms 100x100 mm
81.	2008	OTELINOX Targoviste, ROMANIA	Press filter for the neutralization Line – designing the mechanical and electric erection
82.	2008	MECHEL Campia Turzii, ROMANIA	Ecological waste dump
83.	2008	ALRO Slatina, ROMANIA	Installations related to the 30.000-t alumina silo
84.	2008	MECHEL Campia Turzii, ROMANIA	Revamping of Rolling mill 3. Technical verification project for the machines in rolling mill no. 3
85.	2008	ZIROM Giurgiu, ROMANIA	Adaptation of the tools assembly – at press PH 6000 tf – to obtain pressed bars with a diameter of 400 mm

Item	Year	Client	Work designation
86.	2008	ERDEMIR srl Targoviste, ROMANIA	Technical and financial study to assess the current technical condition of the 6 vacuum furnaces within the plant and estimation of the revamping and commissioning costs
87.	2008	ZIROM Giurgiu, ROMANIA	Feasibility study for the forging shop for titanium and titanium alloy products
88.	2008	ARCELORMITTAL TUBULARS Roman, ROMANIA	Replacement of the oil retaining systems from the horizontal settlers at GAIR no.1, 2, 3.
89.	2008	ARCELORMITTAL TUBULARS Roman, ROMANIA	Improvement of GAIR no.1 by improving the filtering and storage system for add-up water and filtered water
90.	2008	OTELINOX Targoviste, ROMANIA	Extension of the Precizia storage shop
91.	2008	MECHEL Campia Turzii, ROMANIA	Revamping of Rolling mill no. 3
92.	2008	SMS DEMAG	Drive software for the coil box Hot Strip Mill Turkey
93.	2008	MECHEL Campia Turzii, ROMANIA	Rolling mill no. 2 – Constructive arrangements including erection - constructions - installations related to the stretching lines Rebar Steel
94.	2008	MECHEL Campia Turzii, ROMANIA	Study on the possibility to increase the capacity of the Longitudinally welded pipes shop
95.	2008	LAROMET Bucuresti, ROMANIA	Casting shop. Transforming the shipping bay into production shop for the manufacture of copper and copper alloy bars and pipes
96.	2008	OTELINOX Targoviste, ROMANIA	Rolling mill no. 3 – Power networks for water, air and steam.
97.	2008	VICTORIA MICHELIN Floresti, ROMANIA	Calender roller conveyors
98.	2008	INTFOR Galati, ROMANIA	Designing the foundations and annexures for the reversible rolling mill with 20 rollers within S.C. INTFOR S.A. Galati
99.	2008	ARCELORMITTAL Galati, ROMANIA	Hot Strip Mill - Updating the documentation for the overhauling of the normal draft cooling tower
100.	2008	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2. - New motors for the finishing stand (in cooperation with SMS)
101.	2008	ARCELORMITTAL Galati, ROMANIA	Ecological storage and execution of a ventilation system for the special storage areas for hazardous chemical substances in warehouse no. 017

Item	Year	Client	Work designation
102.	2008	ARCELORMITTAL Galati, ROMANIA	Cold Strip Mill - Revitalization of the water treatment installation from the Water Station, including the mechanical filters
103.	2008	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 1 - Oxygen-gas cutting machine
104.	2008	ARCELORMITTAL Galati, ROMANIA	Cold Strip Mill - Revamping of 2 cooling towers with natural draft and of the filters for the cooling water
105.	2008	ARCELORMITTAL Galati, ROMANIA	Issuing the documentation for the for the overhauling of the normal draft cooling tower Thermo-Blower Station 2
106.	2008	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2. - AGC system for stand Q2; Level 2 (in cooperation with Siemens VAI)
107.	2008	ARCELORMITTAL Galati, ROMANIA	Cold Strip Mill - Modernization of the ventilation installation in the emulsion preparation basement
108.	2008	ARCELORMITTAL Galati, ROMANIA	Cold Strip Mill - Pickling line no. 2 - Automated coil binding machine (in cooperation with Signode)
109.	2008	ARCELORMITTAL Galati, ROMANIA	Decommissioning of the Slabbing mill
110.	2008	ARCELORMITTAL Galati, ROMANIA	Cold Strip Mill - Tandem 1 - Central Cabin
111.	2008	ARCELORMITTAL Galati, ROMANIA	Ecological storage and execution of a ventilation system for the special storage areas for hazardous chemical substances in warehouse no. 013
112.	2008	OTELINOX Targoviste, ROMANIA	Revamping of the social annexure at the Small Sections and Wire Mill
113.	2008	OTELINOX Targoviste, ROMANIA	Production capacity expansion of new industrial bays
114.	2008	OTELINOX Targoviste, ROMANIA	1. Conduits deviation in the shuttering area of axis 22 in shop D-E 2. Cooling tower and pumping station 3. Bulkhead between the Precizia shop and the FP line
115.	2008	OTELINOX Targoviste, ROMANIA	Technical documentation for the expert assessment and rectification solutions for the support columns of the nitric acid tank in line NT
116.	2008	PROFILAND Galati, ROMANIA	Preliminary feasibility study for the pickling installation for hot-rolled strip (push-pull)
117.	2008	OTELINOX Targoviste, ROMANIA	Production capacity expansion. Production lines foundation.
118.	2008	OTELINOX Targoviste, ROMANIA	Production capacity expansion. Production lines erection (ZM3, BA2, TL2, SL4, PK2)
119.	2008	SIEMENS VAI METAL TECHNOLOGIES SAS	Design services for interconnecting pipes – AGC - Heavy Plate Mill no. 2
120.	2009	HIDROELECTRICA, ROMANIA	1 Evaluation reports for hydroelectric power plants in view of privatization

Item	Year	Client	Work designation
121.	2009	HIDROELECTRICA, ROMANIA	29 Evaluation reports for small-power hydroelectric plants in view of privatization
122.	2009	ITWH FOR VALUREC SUMITOMO BRAZILIA	In line finishing
123.	2009	ITWH FOR VALUREC SUMITOMO BRAZILIA	Fast casing line
124.	2009	ITWH FOR VALUREC SUMITOMO BRAZILIA	Flex line
125.	2009	ITWH FOR VALUREC SUMITOMO BRAZILIA	Q & T line
126.	2009	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2 - Issuing the documentation to install the REXROTH equipment into the hydraulic installation
127.	2009	ARCELORMITTAL Galati, ROMANIA	Designing the ventilation system for the boiler rooms ventilation system in the blowers sector
128.	2009	ARCELORMITTAL Galati, ROMANIA	Designing the fixed carbon monoxide detection installations in the locker room area
129.	2009	ARCELORMITTAL Galati, ROMANIA	Designing the soundproofing of the cawper combustion air – Furnace Department
130.	2009	ARCELORMITTAL Galati, ROMANIA	Designing the ventilation and air conditioning into the Repairing Shop for powerplant equipment
131.	2009	ARCELORMITTAL Galati, ROMANIA	Survey of the plugging machine WOODINGS F3 and F4
132.	2009	ARCELORMITTAL Galati, ROMANIA	Issuing the technical documentation for a temporary storage for non-hazardous waste
133.	2009	ARCELORMITTAL Galati, ROMANIA	Designing the casing for the sorting station in Agglomeration Plant 2
134.	2009	ARCELORMITTAL Galati, ROMANIA	Replacing the single-block roller bearing with a 2-block bearing for the converter in Refractory Steel Plant
135.	2010	LAMDRO MAX EICHER Drobeta Tr Severin, ROMANIA	Designing the fuel-oil – gas conversion of the walking beam furnace
136.	2010	RUUKKI ROMANIA	Evaluation report for tiles manufacturing lines
137.	2010	ARCELORMITTAL Galati, ROMANIA	Cold Strip Mill – Coil weighing system for pickling line 2
138.	2010	ARCELORMITTAL Galati, ROMANIA	Hot Strip Mill - Repairing Rolling Line Shop Building
139.	2010	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2 - Water installation revitalization
140.	2010	ARCELORMITTAL Hunedoara, ROMANIA	Revamping the 650 Rolling Mill – Stage I - Finishing. Machinery erection, foundations, utilities.

Item	Year	Client	Work designation
141.	2010	LAMDRO MAX EICHER Drobeta Tr Severin, ROMANIA	Natural gas installation for the propulsion furnace
142.	2010	ASTALDI	Resistance structure of the roof of the National Stadium "Lia Manoliu" – design verification and integration
143.	2010	SARME SI CABLURI Harsova, ROMANIA	Acid water treatment plant
144.	2010	ARCELORMITTAL TUBULARS Roman, ROMANIA	Technical study and requirement books for Pipe Calibration in the 16" Rolling Mill
145.	2010	ARCELORMITTAL Galati, ROMANIA	Hot Strip Mill - Roller table B15 modernization works
146.	2010	ARCELORMITTAL Galati, ROMANIA	Hot Strip Mill – Redesigning the mobile turning roller in front of stand V0
147.	2010	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2 - Designing the heating system replacement
148.	2010	ARCELORMITTAL Galati, ROMANIA	Drive boosters for the adjustment valves, valve position limiters – Furnace 5
149.	2010	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2 – Revamping the Edge Trimming Shear no. 2 (in cooperation with SMS Siemag)
150.	2010	ARCELORMITTAL Galati, ROMANIA	Cold Strip Mill – Designing the emulsion blowing system Tandem 1
151.	2010	ARCELORMITTAL Galati, ROMANIA	Creation + implementation software for the loader F3 + F4
152.	2010	ARCELORMITTAL Galati, ROMANIA	Erecting the cable for pilot line SC3 – Barbosi Station
153.	2010	ARCELORMITTAL Galati, ROMANIA	Designing the lighting installation for Furnace Department
154.	2010	OTELINOX Targoviste, ROMANIA	Designing the ventilation installation in the tower shop Annealing line for the stainless steel strip
155.	2010	ARCELORMITTAL Galati, ROMANIA	Cold Strip Mill - Designing the feeding and erecting the ring manufacturing machine (in cooperation with Scerim)
156.	2010	ARCELORMITTAL Galati, ROMANIA	Hot Strip Mill - Designing the roller cooling bench
157.	2010	ARCELORMITTAL Galati, ROMANIA	Cold Strip Mill - Designing the weighing system in Pickling 2
158.	2010	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2 – Designing the demolishing works, Normalizing Furnace 2
159.	2010	ARCELORMITTAL Galati, ROMANIA	Repair design for shop A-B (Rolling line L.B.C.), columns 0-57
160.	2010	ARCELORMITTAL Galati, ROMANIA	Technical design for the revitalization of lighting and power sockets installations – Annexure Flat Products Factory

Item	Year	Client	Work designation
161.	2010	ARCELORMITTAL Galati, ROMANIA	Repair design for the intermediate slab warehouse Hot Strip Mill
162.	2010	ARCELORMITTAL Galati, ROMANIA	Steam distribution optimization in the steam network 8-13 bar, steam cooling reduction installation – Thermo-blower station TS2
163.	2010	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2 – Design works for the water installations
164.	2010	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2 – Design works for the pressure screws in stands Q1 and Q2
165.	2010	ARCELORMITTAL Galati, ROMANIA	Roller lathe shop in Hot Strip Mill – Pomini Roller grinding machines (in cooperation with Pomini)
166.	2010	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2 - Design works for the rolling beams in sector APFL
167.	2010	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2 - Designing the nitrogen flooding system replacement
168.	2010	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2 - Designing the heating system replacement
169.	2011	ALRO Slatina, ROMANIA	Plate stacking system – Erection, foundations and installations documentation
170.	2011	DANIELI ITALY	Stretcher 60 MN
171.	2011	ALRO Slatina, ROMANIA	Properzi rolling mill – Erection, foundations and installations documentation
172.	2011	ALRO Slatina, ROMANIA	Anode vibrating press – Erection, foundations and installations documentation
173.	2011	ARCELORMITTAL Galati, ROMANIA	Designing the inspection cabin for the Slitting Line 1 – Cold Strip Mill
174.	2011	OTELINOX Targoviste, ROMANIA	Designing the erection of the longitudinal cutting line and the packing line for stainless steel strips
175.	2011	ERDEMIR srl Targoviste, ROMANIA	Modifying the gas mixing station in the strip annealing furnace
176.	2011	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2 - Design works for Propulsion Furnaces (part I)
177.	2011	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2 – Design works for Propulsion Furnaces (part II)
178.	2011	ARCELORMITTAL Galati, ROMANIA	Hot Strip Mill - Design works for the - Rotating hydraulic coupling - 2 bending blocks
179.	2011	ARCELORMITTAL Galati, ROMANIA	Design works for Heavy Plate Mill no. 2 - Manual transfer carriage - Roller storage rack
180.	2011	ARCELORMITTAL Galati, ROMANIA	Cold Strip Mill – Tandem 1 - Designing the compressed air station 10 kV station
181.	2011	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2 - Overhauling – Normalizing Furnace no. 1 - electric
182.	2011	ARCELORMITTAL Galati, ROMANIA	Heavy Plate Mill no. 2 - Restoration of the cable tunnels in the shipping area

Item	Year	Client	Work designation
183.	2012	DANIELI for DALIAN CHINA	Strecher for aluminum plate 60 MN
184.	2012	DANIELI for AMAG AUSTRIA	Hot aluminum steel strip
185.	2013	MAX BOEGL, ROMANIA	Technical assessment of a damaged weather tower structure
186.	2013	ALRO Slatina, ROMANIA	Technical assessment of the metal structure supporting the LBC shop roof
187.	2013	ALUM Tulcea, ROMANIA	Height extension of the sludge dump dam
188.	2013	POLICOLOR Bucuresti, ROMANIA	Technical assessment documentation for the demolishing / relocation of the car paint shop
189.	2013	IMSAT SA – Container plant Giurgiu, ROMANIA	Covered storehouse for light sections
190.	2013	ALRO Slatina, ROMANIA	Technical assessment for the aluminum foundry building
191.	2013	IMSAT SA – Container plant Giurgiu, ROMANIA	Study on the behavior over time of the rolling track of rolling cranes
192.	2013	ERDEMIR ROMANIA TARGOVISTE	Feasibility study related to the independent provision of drinking water through the company's own resources
193.	2013	ALRO Slatina, ROMANIA	Technical assessment of the rolling track in the casting shop
194.	2013	ARCELORMITTAL TUBULARS Roman, ROMANIA	Automated plug changing installation at the 16" rolling mill
195.	2013	GAZ ENERGY, ROMANIA	Feasibility study
196.	2013	THERME NORD ROMANIA	Technical Assistance works and design for SPA – Balotesti
197.	2014	IMSAT SA – Container plant Giurgiu, ROMANIA	Documentation required to obtain the Safety Department (ISU) authorization– Work station Giurgiu
198.	2014	ALTER EGO SYSTEM srl, ROMANIA	Commercial Superstore Auchan – Drumul Taberii
199.	2014	DEZVOLTARE INVESTITII PROIECTARE srl, ROMANIA	Execution documentation for „CENTRALA ELECTRICA FOTOVOLTAICA 4,5 MW” - Calarasi
200.	2014	IMSAT SA – Container plant Giurgiu, ROMANIA	Designing the access road for oversized containers between the Metalwork Shop and the main road in the Duty Free zone Giurgiu
201.	2014	DONALAM Calarasi, ROMANIA	Pusher Furnace
202.	2014	IMSAT SA – Container plant Giurgiu, ROMANIA	Technical assessment of the resistance structure of the roof – Work station Giurgiu

Item	Year	Client	Work designation
203.	2014	ALRO Slatina, ROMANIA	Technical assessment of the resistance structure of the Shop, in relation to the eventual production of Plate Brushing machines
204.	2014	DONALAM Calarasi, ROMANIA	Cut-to-length system for hot bars, with saws (mechanical, hydraulic, installations and automation works)
205.	2014	INDUSTRIA SARMEI Campia Turzii, ROMANIA	Project for the demolition of industrial shops within the I.S. platform – Campia Turzii Shop O.E. no. 1 Casting ladle preparation shop Rolling mill no. 4 shop
206.	2014	DONALAM Calarasi, ROMANIA	Study on the verification of transport and rolling machines \varnothing 400 mm from blooms 600x600 and/or 700/700 mm and/or \varnothing 600, \varnothing 700 mm
207.	2014	ALRO Slatina, ROMANIA	Brushing machine and exhausting system
208.	2014	ROMARM fil. METROM Brasov (EUREKA), ROMANIA	Quarto Roughing mill B 1 – Study on the designing of advanced technologies to improve the mill productivity
209.	2014	DONALAM Calarasi, ROMANIA	Study for the cooling bed – station over the cooling pits
210.	2014	DONALAM Calarasi, ROMANIA	LPGS – Rail finishing – Relocation of lathes type SLC1250
211.	2015	DEZVOLTARE INVESTITII PROIECTARE srl, ROMANIA	Feasibility study for Otelul Rosu
212.	2015	ALRO Slatina, ROMANIA	Technical assessment of the beam supporting the rolling track in span N-O, LBC shop
213.	2015	ALUM - Tulcea	Documentation for the height extension of the sludge dump protection dam
214.	2015	ALRO Slatina, ROMANIA	Changing the destination of the irrigation pipes building into a warehouse for paper packing materials
215.	2015	ALRO Slatina, ROMANIA	Hot rolling line – Repair technology for the 750-tf shear overhauling

LEGEND:

DESIGNING – Issuing the execution and erection documentation for mechanical, hydraulic, lubrication, electric, automation equipment, software, designing of industrial and civil buildings, including endorsements and approvals, preliminary feasibility studies, feasibility studies, solution studies, evaluations.
